

Anatomical chart

Please measure the following sitting in an upright position with a measuring tape:

- A. Seat Depth – The distance from back of the buttocks to popliteal (underside of the knee).
- B. Lower Leg Length – Feet flat on the floor & knees bent at 90 degrees, measure from the popliteal fold (underside of the knee) to the floor.
- C. Seat to Top of Head – The distance from the top of the head to the base of the spine.
- D. Seat Width – While sitting on a firm surface, measure the width of the buttocks.
- E. Height – Measure height from heel to head.
- F. Weight – Record weight at night (preferable).

A. _____ + B. _____ + C. _____ = E. _____
