

The **NEW** Look of BRODA..... The **EVOLUTION OF COMFORT**

New Broda ClearPath 2 in 1 Mobility and Positioning Chair offers superior innovation and adaptability, offering various benefits to both residents and caregivers!

Here is what customers are saying about ClearPath:

Resident Comfort & Behaviors:

“The resident and staff loved the chair...The footrest was easy to adjust and the feet stayed on the footrest. The resident fit the chair well, and his head could relax...The ClearPath would definitely **improve the quality of life by making the resident comfortable.**”

Dee Stewart, ADOC, Abbotsford, BC

“The patient is **more calmed and relaxed** and unable to throw self out of a seated position.”

Jessie Moliere, OTT, Winterpark, FL

“Resident appears **more comfortable** in Broda ClearPath, **less crying** noted. Resident had **decreased tone** and better positioning.”

Nicole Mueller, OTR/L, Watertown, MN

Fall Prevention:

“There were **no falls** using the Broda ClearPath, less fidgeting and improved sitting tolerance.”

Kyle Hayduk, New Bern, NC

“ClearPath helped with **prevention of falls** without restraints.”

Gina Finlayson, Attalla, AL

“Prior to Broda ClearPath, resident had fall issues. There were **no falls** from chair, improved positioning, and decreased behaviours.”

Cassie Granger, Fort Worth, TX

Pressure Redistribution/Skin Integrity:

“In the 2nd week of using the ClearPath, the resident’s stage 1 **pressure sore healed.**”

Jackson Dam, OT, Edmonton, AB

“The patient had sores on the buttocks and coccyx since her admission...When we began to use the ClearPath chair, we had already noted a cure. After **3 weeks of use, still no rash appeared** on the buttocks.”

Michele Paquet, Beauport, QC

“Prior to the Broda ClearPath trial, resident had redness to back. The **redness had corrected** the first day.”

Natalie Barbeau, OT/Clinical Supervisor, Laval, QC

Resident Posture/Positioning:

“ClearPath has allowed the resident to now tolerate up to 5 hours sitting up, (only 2 hours in previous wheelchair) and her left side **leaning was reduced by 75%.**”

Jackson Dam, OT, AB

“Due to relatively simple adjustments, **acceptable posture** in the Broda ClearPath was achieved. Leg support and adjustability are major improvements to older Broda models”

Lina Martinez, Rehab Assistant, Winnipeg, MB

“The legrest extends to fit the resident’s height. Loved the way the legrest goes back under the chair – very easy for transferring the resident; Adjustable armrests fit his height and wings helped with leaning. Resident noted it was so comfortable, he did not mind sitting up now.”

Charlotte Barnes, ADON, MO

Overall Customer Comments:

“Improvements Broda ClearPath has made are:

- Elimination ofommel
 - Improved comfort
 - Seating surface integrity
 - improved breathing
 - improved eating
 - improved quality of life
- OT/PT loved The ClearPath; ease of adjustments for proper positioning.”

Suzanne Feldman, RN, DON, Chuckey, TN

“ClearPath moves (rolls) easily, eliminated restraint issue, and provided caregiver ease of use.”

Scott Flemmer, Johnson City, TN
